

## Tachograph Technician / Tacho QC

The position is for a Commercial Vehicle Tachograph Technician.

This position is accountable to Mr Andrew Pryjmachuk, Branch Manager and reports to the Workshop Controller daily.

Location: West Bromwich

Monday to Friday 40 hours

8.00am – 17.00pm (inclusive of a 30-minute unpaid break).

### Your tasks

- ✓ Carry out initial tachograph calibrations to new vehicles undergoing PDI.
- ✓ Carry out tachograph inspection, fault finding & repair.
- ✓ Carry out duties associated with tacho centre & Technician QC's.
- ✓ Ensure records are maintained in line with DVSA requirements.

### Your experience/ skills

- ✓ Tachograph trained with current certification (training can be provided).
- ✓ Scania Speed Limiter trained (training can be provided).
- ✓ Scania Diagnostic trained (training can be provided).
- ✓ This role would be suitable for someone wishing to develop a carrier within the commercial vehicle industry.
- ✓ A good understanding of vehicle software and electronic diagnostics is required; however, training can be provided.
- ✓ A LGV /PSV License would be advantageous to enable road testing of vehicles.
- ✓ The role could develop to include vehicle inspection to IRTEC Standards following training.

### Additional information

For any questions related to this job, please speak to Mr Matthew Ashmore, Workshop Controller on +44 (0) 121 525 7000
